

## **BRIGHTWALTON PARISH COUNCIL**

### **INTERNAL AUDIT REPORT – APRIL 2022**

#### **Introduction**

The Internal Audit was carried out in line with the new Accounts and Audit Regulations 2015, which came into force on 1<sup>st</sup> April 2015. These Regulations are supported by the Practitioners Guide, issued by JPAG, to support the preparation by smaller authorities in England of statutory annual accounting and governance statements found in the Annual Governance and Accountability Return (AGAR).

As a result of the continuing Coronavirus Pandemic the 2021/2022 Financial Year has, once again, been a very challenging and testing time for Parish Councillors and Clerks in trying to maintain the day to day administration and procedures relating to the Councils business.

#### **The Accounts and Audit (Coronavirus) (Amendment) Regulations 2021**

In response to the Coronavirus an amendment to the Accounts and Audit Regulations 2015, was made on 8<sup>th</sup> March 2021, was laid before Parliament on 9<sup>th</sup> March and having been approved came into force on 31<sup>st</sup> March 2021. The amendments to regulation 10 of the 2015 Regulations extend the deadline for relevant authorities to publish their statement of accounts and supporting documents (together with any certificate or opinion of the local auditor).

A further amendment to regulation 15 of the 2015 Regulations extends the deadline to commence the period for the exercise of public rights, so that the relevant period must commence on or before the first working day of August. The draft accounts must therefore be approved by 31<sup>st</sup> August at the latest or earlier if possible.

The 2021 Regulations remain in force for the 2021/2022 financial year unless a revised version is laid before Parliament. At the time of writing this report no further amendments have been laid before Parliament.

***Please note that due to the ongoing Coronavirus Pandemic it may not be possible to complete all the actions recommended in the Audit Report and/or Audit Plan.***

#### **Practitioners Guide 2022**

The 2022 edition of the Practitioners Guide has had further amendments following a review, which is ongoing, by JPAG. The main update is in respect of Section 5 on the non-statutory guidance for Clerks and Responsible Financial Officers. It leads Councils through the process of preparing and taking their AGAR form and its supportive papers to the Council and then getting through the Internal and External audit process. The guidance can be applied to AGAR returns covering the period 1<sup>st</sup> April 2021 to 31<sup>st</sup>

March 2022. Other changes to the 2022 Guide include Fixed Assets, Accounting for reimbursements and credit card balances and further information can be found in the Notes on the JPAG Groups meeting on 3<sup>rd</sup> February 2022 which is on the website.

### **Reviewing Internal Audit**

Authorities should on an annual basis, carry out a review of the effectiveness of their overall internal audit arrangements. It should be designed to provide sufficient assurance for the authority that standards are being met and that the work of internal audit is effective. Authorities should judge the extent and scope of the review by reference to their own individual circumstances. Such a review should take place when a new Internal Auditor and/or the Responsible Financial Officer are appointed.

Parish Councils usually appoint a small Working Party to carry out the review and report back to full council. As with any review, it should be evidence based which should, if possible, be gathered throughout the year and may include the following:

- previous review and action plan;
- independence and competence of the Internal Auditor;
- annual report by internal audit;
- other reports from internal audit, including internal audit plan, monitoring reports, and the results of any investigations;
- relationships with the Clerk and the authority;
- any reports by the external auditor;
- the results of any other external reviews of internal control.

Details on how the review could take place is set out in the Practitioners Guide.

### **Internal Audit**

Internal audit is a key component of the system of internal control and is considered to be an ongoing function reporting to the Parish Council once a year. The purpose of internal audit is to review whether the systems of financial and other controls over a Parish Councils activities and operating procedures are effective. It is essential that the internal audit function is sufficiently independent of the other financial controls and procedures of the Council which are the subject of review.

Regulation 5(2) requires:

- (a) An officer or member of the relevant body to make available such documents and records as appear to be necessary for the purpose of audit: and
- (b) Supply the Internal Auditor with such information and explanation as is considered necessary for that purpose.

It is not a matter for the internal auditor, to actively seek evidence of fraud, corruption or error. The internal auditor's role is to assist the council in fulfilling its responsibility to

have and maintain proper arrangements for the prevention and detection of fraud, error or mistakes.

The internal audit is therefore based on the following two key aspects of the Council's procedures:

- ❖ Financial Regulations
- ❖ Risk Management

The Internal Audit, which took place on Wednesday 6<sup>th</sup> April ,2022, is based on the Internal Audit Plan, a copy of which is attached for members' information together with any relevant information outlined in the Practitioner's Guide. The Internal Audit Plan provides details of the Financial Regulations/Risk Management and other issues together with the compliance checks that were carried out.

This is my fifth report as your appointed Internal Auditor and I would once again like to place on record my sincere thanks to Sarah Youldon the Parish Council Clerk for her patience and co-operation in answering my questions and providing me with all the necessary information and documentation required to complete the audit.

### **Internal Audit – 2022**

As referred to above the purpose of Internal Audit is to review whether the systems of financial and other controls over a councils activities and operating procedures are effective. My investigations were risk based, and included, as far as possible, examination of the council's administration and accounting procedures, such as income, payment and budgetary controls, VAT recording, claims and reconciliation, salary controls, bank reconciliation and the year-end procedures. The former included, where possible, the examination of documents, such as minutes, contracts together with the Financial Regulations, Standing Orders, Policies and Procedures and the Members Code of Conduct.

Despite the ongoing Pandemic I found the administration and procedures of the Council to be carefully planned, controlled and well documented with reports being presented to the Council as deemed appropriate. In addition the Minutes provide a very factual and comprehensive record of the Councils activities with a clear indication of who is responsible for follow-up action. The actions of the Clerk, continues to provide a very reliable system producing comprehensive and informative minutes and reports, tight budgetary controls and a clear and concise audit trail. The ongoing administration of the tender documents and contracts, where applicable, continues to be well documented and monitored.

Whilst meetings in April/May 2021 were held via Zoom all future meetings for the 2021/2022 financial year were held at the Village Hall or on site. The following is a summary of the issues identified which I feel should be drawn to Councilors attention, none of which, in my opinion, affect the final outcome of the Internal Audit:

### **Asset and Investment Control/Register**

The Council is required to maintain an asset and investment register and in respect of the latter this is recognized and confirmed as the Council's Business Premium Account. The Clerk continues to monitor the Council's bank balance on a regular basis. In view of the information provided I am therefore satisfied that the Council has adequate but not excessive reserves or balances.

The existing Asset Register, having been reviewed by the Clerk was presented to and approved by the Council at its meeting on 5<sup>th</sup> May 2021. The Clerk monitors the Register on a regular basis with any additional assets obtained being reported to and approved by the Council during the current financial year.

### **Insurance**

My examination confirms that the insurance cover is adequate and sufficient but needs to be kept under review in the light of any significant changes or additions to the Council's assets etc. The current insurance cover is due for renewal on 1<sup>st</sup> July 2022.

### **Budget Estimates 2022/2023 and Precept**

The 2022/2023 Budget Estimates and the Council's Precept, in the sum of £7,455.00 was approved by the Council at its meeting on 10<sup>th</sup> January 2022.

The CIL funding, in the sum of £2,659.59, is to be used to improve the community infrastructure within the environs of the Village.

### **Risk Management**

The greatest risk is not being able to deliver the activity or services expected of a Council. I therefore examined the Minutes and found no evidence to suggest that risks are not being identified and managed. It is noted that the current Risk Management Assessment, having been approved in May 2021, will be the subject of a further review by the Clerk with the outcome of that review being presented to the Council at its meeting in May 2022 for consideration and approval.

### **Revision of Financial Regulations (FR) and Standing Orders (SO)**

It is noted that having been reviewed by the Clerk the Council's SO and FR were approved and adopted by the Council at its meeting on 5<sup>th</sup> May 2021. The Clerk continues to review both documents and, if required, amended documents, to reflect any changes in legislation will be presented to future Council meetings for consideration, approval and adoption. If there are no significant changes in legislation the outcome of the next review, having been undertaken by the Clerk, will be presented to the Council at its meeting May 2022 for approval and adoption.

## **Members Code of Conduct**

The revised Code of Conduct for Members, was presented to and approved by the Council at its meeting in May 2018 and will be the subject of a further review by the Clerk, once the review referred to below has been completed. A report on any significant changes required will then be presented to the Council for consideration and approval.

The LGA is to develop a new Model Code of Conduct for Councillors. This is in response to the recommendations made in the Committee on Standards in Public Life's report published in 2019, and in response to rising local government concern about the increasing incidence of public, member-to-member and officer/member intimidation and abuse, overall behavioral standards and expectations in public debate, decision making and engagement. NALC's aim was to launch a revised code at their annual conference scheduled to take place at the end of June 2020 but this has been deferred to a later date.

The NALC recognises that the role of a councillor across all tiers of local government is a vital part of our country's system of democracy. It is important that councillors can be held accountable and adopt the behaviours and responsibilities associated with the role. Conduct as an individual councillor affects the reputation of all councillors. Councillors represent local residents, by working to develop better services and deliver local change. The public have high expectations of Councillors and entrust them to represent our local area, taking decisions fairly, openly, and transparently. Councillors have both an individual and collective responsibility to meet these expectations by maintaining high standards and demonstrating good conduct, and by challenging behaviour which falls below expectations.

Importantly, Councillors should be able to undertake their role as a councillor without being intimidated, abused, bullied, or threatened by anyone, including the general public. This Code has been designed to protect our democratic role, encourage good conduct and safeguard the public's trust in local government.

## **Policies and Procedures**

The Council's existing list of Policies and Procedures, having been reviewed by the Clerk was presented to and approved by the Council in May 2021 when it was noted that no amendments are required to the existing documents. The Clerk will however continue to review and present revised documents, amended to reflect any changes in legislation and/or regulations and present revised documents to future meetings of the Council for consideration and approval.

## **ROSPA Playground Inspection**

The playground was inspected in April and the report from ROSPA had identified some areas which requires work to be carried out. It was reported in July 2021 that the work

had been completed in line with the recommendations of the report whilst other matters highlighted were noted and would be monitored with reports being presented to future meetings of the Council with recommendations as considered necessary.

### **Brightwalton Millennium Green Trust**

Where a Council acts as sole managing trustee for a trust or trusts, to warrant a positive response to this assertion the Council needs to have made sure that it has discharged all of its responsibilities with regard to the trust's finances. It is noted that the financial transactions do not form part of the Council's accounts and as such are not included in the figures reported in Section 2 of its Annual Governance and Accountability Return as referred to in paragraph 2.29 of the Guide.

The Council meets twice a year as Sole Trustee for the Brightwalton Millennium Green Trust in line with the Trustee Agreement. It is noted that there is a separate bank account, financial records with minutes of meetings being recorded and filed separately. In addition the Charity Commission Annual return is also completed and returned usually in September.

Having inspected the bank records, minutes and other associated documents I am satisfied that the Council, in their capacity as the sole managing trustee, has discharged their accountability responsibility for the fund(s)/assets in line with the requirements of the Charity Commissions Regulations and no matter in respect of the Dunmore Pond has come to my attention that requires further investigation and report to the Parish Council.

### **Internal Audit Statement 2022**

I am satisfied that the Parish Council has put in place safe and efficient arrangements and maintains robust controls on payments as an integrated part of the overall financial control system.

Subject to the comments above and agreed actions, I am therefore pleased to report that no matter has come to my attention that requires further investigation and report to the Parish Council or that gives me reasonable cause to believe that the requirements for adequate control and monitoring as outlined in the regulations have not been met. In addition there are no matters that have come to my attention, concerning the effectiveness of the system of internal control, to which members' attention should be drawn.

In conclusion I consider that, within the Parish Council, the management of processes by the Clerk and Councillors is continuing to be well controlled and monitored.

I wish the Parish Clerk and Councillors all the very best but more importantly please keep safe and well.

Signed: *David R Weller*

David R Weller DMA, HNC/ONC  
Internal Auditor

Date: 9<sup>th</sup> April 2022
